

Presentation 2

CORE 101 04A, Spring 2004

Prepare and present a presentation introducing your Paper 3 subject, roughly three minutes in length. You may want to incorporate some of your research thus far, particularly facts about the effect that you are studying.

You may, if you like, structure your presentation as a “teaser” for your upcoming paper, where you may leave an element of suspense rather than summarizing all of your conclusions. (In some cases, this may be necessary, since you may not have read enough yet to come to a conclusion.)

The schedule of presentations is as follows.

<u>Monday, Mar. 8</u>	<u>Wednesday, Mar. 10</u>
Bergen, Timothy	Bauck, Bryan
Lovgren, Matthew	Paisley, Michael
Paul, Fred	Hellier, Luke
Hanson, Joseph	Huisman, Chelsey
